

Mohammad Sina Parvizi Motlagh

Computer Engineering Student

📍 Tehran, Iran • ✉ sina.sipamo@gmail.com • ☎ 0938 318 3372 • 🌐 mosipamo.github.io
🌐 linkedin.com/in/mohammad-sina-parvizi • 🐙 github.com/mosipamo

Education

University of Tehran

BS in B.S. in Computer Engineering

- GPA: 17.11/20.0 (Faculty Average: 14.96/20.0)

Tehran, Iran

Sep. 2022 – present

Shahed Payambar High School, Qazvin

Diploma in Highschool Diploma in Mathematics

- GPA: 19.5/20.0

Qazvin, Iran

Sep. 2019 – June 2022

Related Courses

- Artificial Intelligence: 19.5/20
- Data Structures and Algorithms: 20/20
- Basics of Machine Learning: 19.5/20
- Database Design: 19.5/20
- Engineering Mathematics: 20/20
- Generative Models: 20/20
- Algorithm Design: 18.4/20
- Discrete Mathematics: 17.81/20
- Internet Engineering: (current semester)
- Foundations of Computer Vision: (current semester)

Skills

Languages: Python, C++, C, Java, C#, MATLAB

Databases: PostgreSQL, MySQL, MongoDB

Frameworks & Web: FastAPI, Django, HTML, CSS, JavaScript

Tools & Libraries: NumPy, Pandas, Matplotlib, Scikit-learn, TensorFlow, PyTorch, Git, Linux, Docker

Experience

Backend Developer

Aida Sales

Tehran, Iran

Sep. 2025 – Mar. 2026

- Designed and implemented new backend functionalities, improving system capabilities and reliability in a production environment
- Collaborated with cross-functional team members to deliver features on schedule, following existing coding standards and review processes

Backend Developer Intern

Aida Sales

Tehran, Iran

July 2025 – Sep. 2025

- Contributed to the development and optimization of backend systems, gaining hands-on experience with production codebases and workflows
- Transitioned to a full-time Backend Developer role upon successful completion of the internship

Projects

Sentiment Analysis Pipeline [GitHub Repository](#) [🔗](#)

Machine learning pipeline for classifying short texts and tweets by sentiment

- Built an interactive Streamlit web app for live sentiment predictions

Todo Application (Full-Stack) [GitHub Repository](#)

Full-stack web application built with FastAPI, serving dynamic HTML pages styled with CSS and Bootstrap

- Implemented user authentication, role-based access control (admin/user), and persistent task storage using SQLite with Alembic migrations

Deep Generative Models Course Projects [GitHub Repository](#)

Implemented core generative modeling techniques as part of advanced coursework

- Covered: Variational Autoencoders, Generative Adversarial Networks, Normalizing Flows, Energy-Based Models, and Diffusion / Score-Based Generative Models

Artificial Intelligence Course Projects [GitHub Repository](#)

Completed a series of assignments covering classical and modern AI methods, including genetic algorithms, Hidden Markov Models (HMM), clustering, machine learning, deep neural networks, and reinforcement learning.

Machine Learning Course Projects [GitHub Repository](#)

Completed a series of assignments covering classical and modern AI methods, including genetic algorithms, Hidden Markov Models (HMM), clustering, machine learning, deep neural networks, and reinforcement learning.

Rayan AI Program [GitHub Repository](#)

Completed applied machine learning assignments

- Topics: fraud detection (SVM & logistic regression), CNN-based classification/regression, and variational autoencoders

Volunteering

Introduction to Computing Systems and Programming Teaching Assistant

Sep. 2024 – Dec. 2025

University of Tehran

Assisted students during laboratory sessions, reviewed programming assignments, and evaluated practical coursework.

Engineering Mathematics Teaching Assistant

Sep. 2024 – June 2025

University of Tehran

Designed and evaluated coursework, quizzes, and course projects for undergraduate engineering students.

Artificial Intelligence Teaching Assistant

Spring 2025

K. N. Toosi University of Technology

Designed programming assignments, reviewed project submissions, and assisted with final exam grading.

Honors and Awards

- Ranked 902nd nationwide (Top 0.6%) in the Iranian National University Entrance Exam (Konkur), Sanjesh Organization (2022)
- Deep Learning Certificate, UT ACM Summer of Code (2024)
- Deep and Machine Learning Certificate, Sharif University of Technology (2024)
- Trustworthy Deep Learning Certificate, Sharif University of Technology (2024)
- MATLAB Certificate, K. N. Toosi University of Technology (2024)
- Advanced Python Programming Certificate, Quera (2024)
- Algorithm LevelUp Certificate, Quera (2025)

Interests

- Artificial Intelligence & Machine Learning
- Data Analytics & Data Science
- Algorithms & Data Structures

Languages

- **Persian:** Native
- **English:** Professional Working Proficiency
